Dear Jeff and Linda,

What a gift you are to the church!

I write simply to thank you for your creative, visionary, and faithful work to bring beauty to the church, especially, of course, for your work for us. The cross is perfect for our space and, while I'm a little befuddled about how the whole confusion about our wall color came about, your work has made us so very happy with the whole cross presentation, both inside the worship space and outside.

I hope, for selfish reasons and for the sake of the church, that you enjoy many more years of designing and crafting beauty for the church.

Sincerely,

Rev. Charles H. Grube, Pastor
